## AMERICAN ASSOCIATION OF UNIVERSITY WOMEN

The American Association of University Women is a national network of 150,000 AAUW members and 1,500 branches dedicated to tearing down barriers to equality and creating opportunities to help women and girls reach their full potential.

AAUW was founded in 1881 on the conviction that education is key to achieving equity for women. Today, more than a century later we are still fighting to remove obstacles that hold women back.

While education is our primary focus, AAUW has always spoken on vital social, economic and political issues. We condemn all forms of discrimination. We champion gender-fair education, civil rights, family and medical leave, equal pay for equal work, affirmative action and access to health care.

*If you want to support AAUW's efforts to make a difference in the lives of women and girls for generations to come, complete the enclosed membership application.*
